FEDERAL COMMUNICATIONS COMMISSION  
OFFICE OF THE SECRETARY

RE: MISSION CABLE COMPANY/CITY OF BOOKER

SIRS:

Recently we were advised by our T V Cable Company, Mission Cable Company that they would again be raising the rates for cable TV in the City of Booker, Texas.

This is the third such rate increase from this company since 1988.

Service has been less than satisfactory and only after we advised them that we were going to petition the Federal Communications Commission to check into this, did they install new equipment that was promised to the City of Booker three years ago. Reception since the new equipment was installed is considered unsatisfactory. Audio is "up" and "down".

Enclosed is a copy of a resolution adopted by the City Council of the City of Booker regarding service and rates and also enclosed is the original petitions as signed by users of Mission Cable Company in the City of Booker, Texas.

I would appreciate hearing from you regarding your opinion of this situation.

Thank you.

Sincerely,

*Rec Hoover*
